

# CANDLEWICK LAKE ASSOCIATION, INC.

## RULES AND REGULATIONS

### PREFACE

This is a revised and updated copy of the Candlewick Lake Association, Inc.'s Rules and Regulations Book, containing the "Rules and Regulations" governing the use of the Association and the facilities by Members, Associate Members, Tenants, their Guests, and others as may be applicable.

These Rules and Regulations were duly considered and officially adopted by the Board of Directors (the "Board") of the Candlewick Lake Association, Inc. (the "Association"). This edition reflects all changes in the Rules and Regulations up to March 17, 2015 and supersedes all other Rules and Regulations. (\*a) (\*b) (\*c) (\*d) (\*e) (\*f) (\*g) (\*h) (\*i).

All of the Rules and Regulations have been formulated with one foremost aim: to establish orderly and reasonable procedures for governing activities, and for maintaining the integrity of the Candlewick Lake Subdivision (the "Development") while restricting individual freedom as little as possible. It is hoped that the Rules and Regulations will be accepted in a spirit of cooperation and that the rule of common sense will prevail in those instances where the interpretation of a Regulation is in doubt, or where a specific Regulation does not exist to cover a particular situation.

State and county laws and ordinances will take precedence over these Rules and Regulations except in specific areas where the Association has legally deviated from them in the best interests of the Association.

The application of common sense and reasonableness, together with respect for one's neighbor and his property, are the primary requisites for the Development to be a truly enjoyable place in which to live and play.

In addition to these Rules and Regulations, please read and be familiar with the Declaration of Covenants, Conditions, and Restrictions ("CC&Rs"), which empowers the Association with the authority to create and enforce these Regulations. The Bylaws, which cover the organization of the Association, and which have been recorded in the office of the Boone County Recorder, are binding upon title to, and the Owners of, all Lots in the Development. All of the CC&Rs and Bylaws are incorporated by reference and made part of these Rules and Regulations. In the event of any conflict between the CC&Rs, Bylaws, and these Rules and Regulations, the CC&Rs will first control, and then the Bylaws will control, except with respect to definitions of specific terms.

## **SECTION 1: GENERAL PROVISIONS**

### **1-1 Association Assessments, Capital Reserves, Charges, Fines, and Fees (“Association Charges”)**

In order to use the Association facilities and services as detailed in these Rules and Regulations, a Member must be "a member in good standing". A Member in good standing is a Member that has complied with all the requirements of the Board contained in the CC&Rs, Bylaws, and Rules and Regulations and has paid all Association Charges, if any, owed by the Member.

- A. All Assessments and Capital Reserve Association Charges are due by May 1st of each fiscal year.
- B. All other Association Charges shall be paid within 30 days of issuance.
- C. In order to have voting privileges, a Member must be current in all Association Charges before receiving a ballot to vote.

#### **1-1.1 Reduction of Assessments (Re-platted Lots)**

Owners (as defined in the CCRs and Bylaws) who own two or more contiguous Lots will be eligible for a reduction in the Assessments on the second and each additional Lot under the following conditions:

- A. The replatted Lots are not required to have a house constructed on it.
- B. The property line between the two or more Lots must be legally vacated and documentation recorded in the Boone County Clerk and Recorder's office, as is required under local law. The replatting of Lots on opposite sides of a street is not allowed. The Owner shall be responsible for paying all costs associated with the re-platting.
- C. A copy of the recorded survey along with the replat affidavit and fee must be submitted to the Association Office.
- D. An Owner who has replatted two contiguous Lots into a single Lot shall pay annual assessments equal to one and one-half times the standard charge. If three contiguous Lots have been combined into a single Lot, the annual assessments payable shall equal two times the standard charge. If four contiguous Lots are combined into a single Lot, the annual assessments payable shall equal two and one-half times the standard charge. An additional one-half the standard charge shall be added to the annual assessments for each additional Lot so combined.
- E. After March 1, 1998, for any Lots whereby the Owner separates a replat of two or more Lots back into individual Lots, each such Lot shall be subject to recapture of all sums as would have been payable between the time of the original consolidation of said Lots and the re-separation of said Lots (with due credit being given for assessments paid), not to exceed twenty (20) years (the "Recapture Fee"), plus an amount to constitute interest upon said sum computed at an annual rate of 7% compounded annually ("Interest"), so that the Association's receipt of assessments will be as if the consolidation and separation had not occurred. The Recapture Fee plus Interest is hereinafter referred to as the "Reseparation Fee".
- F. Any reduction in annual assessments arising from the replat of Lots (via consolidation) shall become effective with the next successive fiscal year of the Association following such replat. If a replat of two or more Lots being separated back into individual Lots occurs, the Reseparation Fee will be due immediately upon the separation of the replat. For purposes of determining the total Reseparation Fee, credit shall be given for payments of assessments made while the Lots were consolidated.
- G. Owners who replatted their Lots prior to March 1, 1998 are not subject to paying back the Reseparation Fee. If after March 1, 1998 additional Lots are combined into the original replat done prior to March 1, 1998 and subsequently the replat is separated back into individual Lots, the Lots added after March 1, 1998 will be subject to the Reseparation Fee obligation.

- H. An Owner who has replatted two or more contiguous Lots into a single Lot, recorded the documents in the Boone County Clerk and Recorder's office, and submitted a copy of the recorded survey along with the replat affidavit and fees to the Association Office is considered to have changed the voting status of his/her/its property to reflect ONE VOTE for said Lots.
- I. The full replat process, including but not limited to the delivery of the affidavit, must be complete by March 1st of each year in order for the Lots to receive benefit of a reduction in the annual assessment.
- J. All of the above requirements shall also apply to situations where Owners on either side of a vacant Lot wish to divide said vacant Lot between them, with each Owner taking half. For such situations, in order to retain the 50% reduction policy, assessments will be adjusted to one and one-quarter times the standard charge for each of the Lots on either side of the vacant Lot. Any division other than 50% will require special evaluation and recommendation by the Environmental Control Commission and approval by the Board.

### **1-2 Membership Identification Cards**

- A. All Owners, Associate Members, Tenants, and any other family members who reside in a House, who plan to use Development amenities, must obtain a Candlewick Lake Photo ID Membership Card ("Membership Card"). Membership Cards are required for use of the pool, golf course, fitness center, gymnasium, and boating and fishing facilities (the "Amenities"). Proof of residency may be requested. A person must reside in the house for six (6) months of the year to be considered a resident.
- B. Membership Cards shall also serve as a Member's fishing permit and shall be provided to Lake Enforcement Officers, Volunteer Lake Enforcement Officers or Public Safety Officers upon request.
- C. Membership Cards must be carried at all times while fishing or using the pool, gymnasium, fitness center or golf course. Exception: A Membership Card is not necessary for fishing for anyone under the age of 16.
- D. Membership Cards shall be presented to the Pool, Golf Course, Fitness Center, Gymnasium and Public Safety personnel upon request.
- E. Any Member that is not in good standing shall have their Membership Card privileges suspended until said Member rectifies his/her membership standing. This includes the privileges for all registered Members.
- F. Any lost or stolen Membership Card shall be reported to the Association Office immediately. A fee will be charged to replace a lost or stolen Photo ID Membership Card.

### **1-3 Guest Amenity Passes**

- A. When an Owner owns either an additional vacant Lot(s) other than the one their house sits on, or they own more than one vacant Lot(s), they will receive one Guest Amenity Pass for each additional Lot.
- B. Owners must be in good standing at all times in order for Guest Amenity Passes to be utilized.
- C. All Guest Amenity Passes will be designated to a specified individual and may not be changed until the beginning of the next fiscal year.
- D. Guest Amenity Passes may only be utilized when accompanied by the Owner unless the Rules and Regulations allow otherwise.
- E. Owners must sign and accept responsibility for their designated Guests in accordance with these Rules and Regulations.

- F. Guest Amenity Passes cannot be used for access to the community. The Owner must allow the designated Guest access to the community by either purchasing them a Guest C-Pass or by placing them on their Guest list.
- G. Guest Amenity Passes will include the Guest's photo, name and date of birth, the Owner's name and address, and will be clearly marked "Guest Pass". The Guest Amenity Pass will be different in color from the Membership Cards.
- H. Guest Amenity Passes will only be issued subject to the above conditions and upon request by the applicable Owner.
- I. The Association reserves the right to change and/or revoke this policy at any time.

No Tenant Fee will be charged for the rental house(s), as the Amenities for both the Owner and the Tenant are covered in the assessment paid for each property(s).
